“ Hi Lynn, time goes on but my happy memories of spending time with Joe will never be forgotten. Always steady, never critical, even through some of my difficult days. The welcome I got from both yourself and Joe is always uppermost in my mind when I think of great times in your kitchen. I miss him alot. Garrett

“ Mr. Clennan was one of the most influential teacher I have ever had! Remembering him as my math and science teacher ha never been a problem, he taught me so much that I still remember and teach my own children now. He taught me at a small middle school in Dallas Georgia 18 years ago and is a soul that will never be forgotten but always missed. My heart and condolences go to his family, friends, and the lives of the others that he impacted on his journey.

“ Lynn, I just found out today that Joe had passed away in December. I am heartbroken. We worked together for several years at Herschel Jones Middle School. Joe was a great friend. We both worked with Phyllis Kruse who passed away about 20 years ago from cancer. I know you remember her. Joe was a great teacher and we always had so much fun at school with the kids. Joe is the one who showed me how to first use the computer to enter grades when the bright them in our classrooms, set them down, and told us what we had to do. I can remember many times sending a student over to get Mr. Clennan to come help with the computer. Alton and I have thought of you both so often. Just know we will continue to lift you and your family in our prayers.  
Don't know if you remember Sherry Bolton at Jones, but she passed away yesterday. She was a little younger, 58. Sherry also taught math and we were all close friends on the sixth grade hall.  
Love always,
