“ Dear Reba and family, we are so deeply saddened to hear of Les's passing; we loved him so much. What a wonderful neighbor and friend. I always looked forward to seeing that white Ford king ranch come rolling down Oak Street, I knew that there would always be a warm greeting from Les and we'd lean on the fence and talk. We're going to miss him terribly, but take comfort knowing that we will get to see him again one day! I loved it when Les would say to me, "I've got a job for you" and then ask me to move something that he couldn't do himself, I just loved to sit with him and chat. He loved his family and his friends so much, our hearts are broken for your loss. Please know that God has you in His hands and our prayer is for comfort for you at this time.

“ So sorry to hear about Les' passing. We lived in the same dorm at UGA in the early 60's, and spent a lot of time going to football games, dinners out, movies, and lots of other things. I was from Savannah, and remember hearing that he got a job at WD, I believe in Brunswick and Jacksonville. He was a fine gentleman, and a pleasure to associate with.

“ Reba, what a shock to see that Les had passed away. Charlie and I send our sympathy and will be thinking about you and the family especially Friday. Les was a great guy and I'm sorry it's been so long since we had a chance to visit. I hope I have your current number and we can talk soon. You will certainly be in my prayers.
Love, Carol
