“ Dear Doug,  
I first met Ollie in 1970 when she taught my son, Andy, in first grade at Power's Ferry School. For Andy she was his first love and he took to school and learning because of your Mother. She inspired him to read which became a life long pleasure for him. Ollie and I were square dancers a bit later, and after retirement we became travel companions; traveling from New England to Texas and California and all states in between. We cruised to Alaska, the Caribbean Sea, the Baltic Sea stopping at all the Scandinavian Countries and Leningrad, Russia. Later we toured Australia and New Zealand. Ollie was a wonderful travel companion, a marvelous friend, always cheerful, helpful and respectful. She was my lifelong friend whom I will cherish always. Love and Best Wishes to you and your family. Bettie Wilson

“ Ollie was a kind, good, and loving soul. She could always find the good in everything. She was a mentor to me and others. There were many good times shared by us. She loved children and watching them learn. I have missed Ollie and her infectious laugh. I loved her like a sister. She was the best!  
Doug and family, we are so sorry for your loss. Please know you will be in our thoughts and prayers.

“ Kathie, Carole and I worked at Sedalia Park while Ollie was principal there. These were happy times for those of us teaching in the classroom. Ollie was a wonderful leader who encouraged and supported us all to continue to learn and grow in order that we might provide the best for our children. She did this by providing us with the necessary information and guidance, and then trusting us and allowing us the freedom to use that information and our individual talents to reach the children in our care. She kept us motivated by sending notes to us, or making comments about things she noticed that we had accomplished, knowing herself how much time, energy and love it took to be a teacher. Ollie loved and nurtured the children in her care, as well, greeting them every morning at the front door with a smile, and calling them by name as they entered the building or when she visited classrooms. At heart, she was a nurturer who loved her job and loved her school and all the people in it. Ollie was also a loving and fun loving friend, always ready for a story, a visit, a sharing of some kind. She shared herself with so many of us and we take a part of her with us as we travel on our own life's path. May Our Lord welcome her into His Kingdom to take her joyful place there, and may He wrap His arms around all of you, her family, and give you peace. Terry Lonergan

“ Ollie Grant was an outstanding principal. She was everything that a leader should be; kind, encouraging and respectful. She brought a sense of playfulness and creativity to the job. Ollie inspired me to be a principal. It was always my hope that I would show the same kind of leadership that Ollie showed. She was loved by the teachers, parents and children of Sedalia Park School.
