“ Tim....I am so very sad to hear of your passing. You were always such a positive happy guy at University. Always a smile on your face. May you be resting in the loftiness of heaven my friend.

“ Tim will be sorely missed. His smiles, encouragement, love and gentleness. When I learned of his passing - I felt that the world lost some of it's "luster" and I will see things differently from now on. Tim was instrumental in the success of my business and I will be forever grateful for having known him and to have been able to call him a friend. Tim always kept his optimistic attitude and his love of others foremost in his conversations and dealings with everyone. I love you Tim and I'm a better person for knowing you. RIP. “ I was a social studies teacher at Osborne High School in the early seventies and had Tim at a student. He was a wonderful student, and I was able to reconnect with him through our mutual friend Steve Kendrick.

It was a shock to learn of his passing. My deepest sympathy and prayers go out to all his family and friends.

“ I am so very sorry to learn of Tim's passing. I knew Tim years ago through both Leadership Cobb and Toastmasters. One funny thing that I will always remember is the food tracking challenge that Tim asked everyone in Toastmasters to do for one week. We were to record everything we ate that week and bring it to the next meeting. After the meeting where we turned in our list, Tim came to me, put his arm around my shoulders, and told me I had the worst diet he'd ever seen! He was truly concerned for me, as a friend. I appreciated his comments and began making conscious efforts to improve my diet!
